## **SBA DISASTER LOANS AVAILABLE FOLLOWING SECRETARY OF AGRICULTURE DISASTER DESIGNATION**

**EAU CLAIRE, Wis.** - The U.S. Small Business Administration (SBA) announced today that federal disaster loans are available to small, non-farm, agriculture-dependent businesses located in the counties of Pierce, Polk and St. Croix in the State of Wisconsin.

“These counties are eligible because they are contiguous to one or more primary counties in the State of Minnesota. SBA recognizes that disasters do not usually stop at the county or state lines. For that reason, counties adjacent to primary counties named in the declaration are included,” according to SBA Acting Disaster Area Director Frank Skaggs.

“SBA’s disaster declaration was issued as a result of a similar action taken by the Secretary of Agriculture to help farmers recover from damages and losses to crops caused by excessive rainfall, hail, and high winds that occurred on May 7, 2005 and continuing,” said Skaggs.

Under this declaration, SBA’s Economic Injury Disaster Loan (EIDL) program is available to small, non-farm, agriculture-dependent businesses and small agricultural cooperatives that suffered economic injury as a direct result of the weather’s effect on agricultural producers. A business that sells goods/services to agricultural producers may be unable to pay bills and/or meet expenses because of the reduced purchasing power of farmers and ranchers. Examples of eligible businesses are, but not limited to, farm implement dealers, seed and feed stores and spraying and irrigation businesses. Farmers and ranchers are not eligible to apply to SBA.

Eligible small businesses may qualify for loans of up to 1.5 million. These loans are available at a 4 percent interest rate with loan terms up to 30 years. SBA determines eligibility for the program based on the size and type of business and its financial resources. Loan amounts and terms are set by SBA and are based upon each applicant’s financial condition. Under this disaster declaration, SBA can not provide loans to agricultural producers, and cannot provide loans to non-agricultural dependent businesses.

“SBA can help these small businesses overcome their economic injuries by offering these working capital loans, but the help can not start until they apply,” Skaggs added.

Interested business owners should contact SBA Disaster Assistance Customer Service Center by calling the toll-free 1-800-659-2955 or visit SBA’s website at [www.sba.gov/disaster](http://www.sba.gov/disaster) for more information and to obtain a loan application. The Telecommunications Device for the Deaf (TDD) and speech impaired number is 1-800-877-8339. Completed applications should be returned to: U.S. Small Business Administration Disaster Assistance, 14925 Kingsport Highway, Fort Worth, TX 76155.

Completed loan applications must be returned to SBA no later than April 25, 2006.
